Dear Mr Timmermans,

Attached is a copy of my letter sent to Commissioner for Transport Adina Vălean with a position paper on a European agenda on international rail passenger transport. May I recommend the inclusion of this item in the implementation of the Green Deal initiative from the European Commission? A draft of this position paper was discussed by Member States and the European Commission representatives at a high level meeting on 15 November 2019 in Amsterdam. We will continue the dialogue with Member States on a European agenda for international rail passenger transport. My ministry looks forward to continuing to work closely with the European Commission in this framework.

THE MINISTER OF INFRASTRUCTURE AND WATER MANAGEMENT,

drs. C. van Nieuwenhuizen Wijbenga
