Dear Sir/Madam,

My name is [redacted] I'm a Country Visit Officer at the Office of the OSCE Special Representative on Combating Trafficking in Human Beings. Special Representative [redacted] is planning a country visit to the Netherlands on 27-31 October 2025. Country visits are meant as assessment tools to evaluate the current trends and issues with the trafficking in human beings, and ways to improve the anti-trafficking response in a given country. During country visits, the Special Representative seeks to consult with government authorities, parliamentarians, representatives of the judiciary and NGOs on human trafficking issues.

Given that the parliamentary elections in the Netherlands are scheduled for 29<sup>th</sup> October, just during the visit of the Special Representative, we would like to propose an advance online meeting with the members of the Senate's Committee on Justice and Security. The Special Representative would like to use this chance to introduce the country visit methodology and discuss the recent and upcoming legislative initiatives to address trafficking and exploitation, including the introduction of the non-punishment principle. She'd like to discuss which steps are being taken to tackle demand for trafficking, and if there are any specific measures planned on guidance and regulation for internet providers on tech-facilitated trafficking. For the country visit report we will also ask about challenges, promising practices, plans for the future, anything else the Members think we should mention in the public report or raise with the ministries during the visit.

We remain flexible regarding the timing of the online meeting, perhaps late September or early October would be the best time?

**I would kindly ask you to forward this message to the Committee members and also acknowledge the receipt of the email.**

Kind regards,

[redacted]
